to make the whole a fair sum commensurate with the large expenditure incurred by the Edn Dept

16 If the view taken by the Director is to be considered it means that municipalities have to make two contributions-one in the form of Education Cess collection and another in the form of actual and regular contribution from the Municipal funds

17 The Inspector General of Education says the cost of Education has increased It seems therefore that when the Municipal Councils levy a cess they may pay that to the Education Department as the cess amount is intended solely for education purposes, and Municipal Councils do not themselves incur expenditure for education purposes It may be that in the case of municipal Councils having very poor finances the concession of stopping the one or the other may be considered If they can't afford to pay this they may not levy the cess at all It is not meant to recoup the other payment by them

18 The Deputy Commissioner wants exemption from regular contribution The exemption prayed for by other Municipalities was not granted This cannot also be granted

Sir,

Adverting to your letter No. L 4323/Ml. 181-27-4 dated 28th January 1928 enquiring why the contribution paid by the Jagalur Municipality towards the Primary Education was not discontinued when the cess collections were begun to be credited to the Education - Department, I have the honor to state that the contribution is being recovered though the Education Cess is collected, as there are no orders to the contrary Further, this contribution of Rs 80/- was fixed in the year 1894, when the cost of Vernacular Primary and Middle Schools in this Municipality was only Rs 492-6-0 whereas at present the cost of Primary Education alone is Rs. 2,256/- per annum To meet such a large increase of expenditure it was ordered in connection with the Education Memorandum that steps should be taken to levy an Education Cess of 2 annas in the Rupee in Cities and one anna in the rupee in towns on all items of Municipal revenue and in the case of Municipalities to which control of Vernacular Primary Education is not transferred, the amount collected as cess will be credited towards Educational expenditure as the contribution from such Municipalities.

Thus, the levy of Education Cess has no relation to the payment of contribution by the Municipality, as in respect of the latter these local bodies have had the benefit of enjoying the moiety of House and Bhatarfa taxes rightly belonging to the State.

I have the honor to be,
Sir,
Your most obedient servant,
